

Public Involvement

Rogue Valley Transportation District District Boundary Assessment

www.rvtd.org

Rogue Valley Transportation District and CSA Planning sponsored 10 public meetings August 2010 through March 2011. More than 20 people participated in the discussion about the district boundary, established 25 years ago. Committee members represented all walks of life, from city and county planners to social agencies, business advocates and the region's largest employers. CSA Planning presented detailed maps, summarized 10 technical memos and surveyed participants. Senior Economist Alec Miller of REMI Northwest in Medford demonstrated a cost analysis tool. The committees reviewed the technical work and provided valuable feedback. So did the RVTD Board, made up of Connie Skillman, Bill Mansfield, Rick Schreffler, Stan Littrell, David Carr, Joel Marks and Rick Dyer. RVTD Staff included General Manager Julie Brown, Senior Planner Paige Townsend and Associate Planner Jon Sullivan. Shirley Roberts was the ODOT TGM contract manager. Jay Harland, Principal of CSA Planning Ltd., led the consultant team. The project was partially funded by an ODOT TGM program grant.

Citizen Advisory Committee
